Giris Ekranı.

The screenshot shows a Java GUI window titled "Families" and "Persons". On the left, under "Families", there is a list box containing "Item 1", "Item 2", "Item 3", "Item 4", and "Item 5". Below it are two buttons: "Add Family" and "Remove Family". In the center, there is a label "Family Name:" followed by a text input field containing the placeholder text "Name here!". To the right of this, there are four labels: "Name:", "Surname:", "Birth:", and "Gender:", each followed by an empty text input field. On the far right, under "Persons", there is another list box containing "Item 1", "Item 2", "Item 3", "Item 4", and "Item 5". Below it are two buttons: "Add Person" and "Remove P...". At the bottom right of the window is an "Exit" button.

Family İsmi girip bos family ekliyoruz.

The screenshot shows the same GUI window after the "Family Name" field has been updated. The text input field now contains "Talayhan". The "Families" list box is now empty, while the "Persons" list box remains the same with "Item 1" through "Item 5". All other elements, including the "Add Family", "Remove Family", "Add Person", "Remove P...", and "Exit" buttons, are in the same positions as in the previous screenshot.

Familye Person ekleme.

The screenshot shows a software window with a blue title bar and standard Windows window controls. The window is divided into two main sections: "Families" on the left and "Persons" on the right. In the "Families" section, there is a text box containing "Talayhan" and a "Family Name:" label next to another text box also containing "Talayhan". Below these are two buttons: "Add Family" and "Remove Family". In the "Persons" section, there are four text boxes for "Name:", "Surname:", "Birth:", and "Gender:", containing "Vladimir", "Klitchko", "1975", and "Male" respectively. To the right of these is a list box containing "Vladimir Klitchko". Below these are two buttons: "Add Person" and "Remove P...". At the bottom right of the window is an "Exit" button.
